COVID-19 Helps: 3

Conclusion 4

Executive Summary

The World Orphanage Foundation conducted a mission to Antigua & Barbuda on March 25, 2020 to help the people who were suffering the COVID-19 pandemic. The help was a food package for 500 families that each package was enough for at least one month.

COVID-19 Helps:

COVID-19 is a pandemic that whole world is suffering and fighting it back. During this worldwide disease most of the nations went for a long period of quarantine.

World Orphanage Foundation being an international NGO seeks to reach the poorest and the neediest. This time WOF seeks to help people who are fighting COVID-19 pandemic. Since, Antigua & Barbuda nation went to lockdown, it is difficult for people to work and keep themselves safe.

The foundation helped food packs that each package contained rice, flour, macaroni, white potato, noodles, sweet oil, peas/beans and water. Having the goal to help Antigua & Barbuda people, WOF team started supporting them right from the time.

WOF helped 500 families with the Antigua team on March 25, 2020 that each package was sufficient for one month.

Conclusion

World Orphanage Foundation helped Antigua & Barbuda people by providing food package during COVID-19 disease. This package distributed to 500 families containing of ice, flour, macaroni, white potato, noodles, sweet oil, peas/beans and water.
